

## Freemasonry and illuminati in the UK

THE BEHIND THE SCENES CONTROL OVER MANY FACETS OF UK LIFE BY THE ILLUMINATI AND FREEMASONRY. THE STRENGTH OF FREEMASONRY ACROSS THE UK, AS WELL AS OTHER SECRET SOCIETIES.

Really this section would take a book or many! In Freemasonry which has been in Great Britain at least since 1646, we see the beginning of what we now call the Globalist Elite, inspired previously by Francis Bacon

(1561-1626), also known as the Rosicrucian Grand Master. <https://bit.ly/2Wk1F4X>

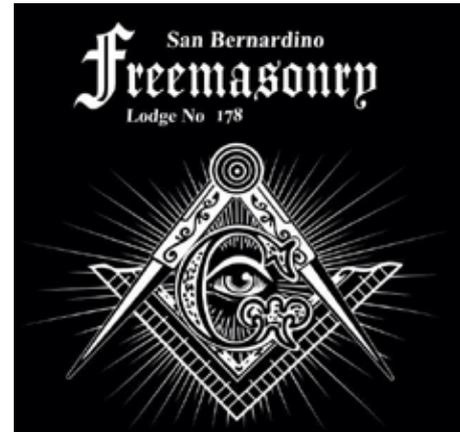

The earliest recorded 'making' of a Freemason in England is that of Elias Ashmole in 1646. Organised Freemasonry began with the founding of the Grand Lodge of England on 24 June 1717, the first Grand Lodge in the world. Ireland followed in 1725 and Scotland in 1736.

It has been claimed that Freemasonry has two types of followers or adherents: those who know the secret goals and rituals of the inner core, and those who don't, but who are still part of its Lodge or movement. All of this can easily be researched on the internet and its worldwide goals of domination. <https://bit.ly/2HRjy7a>

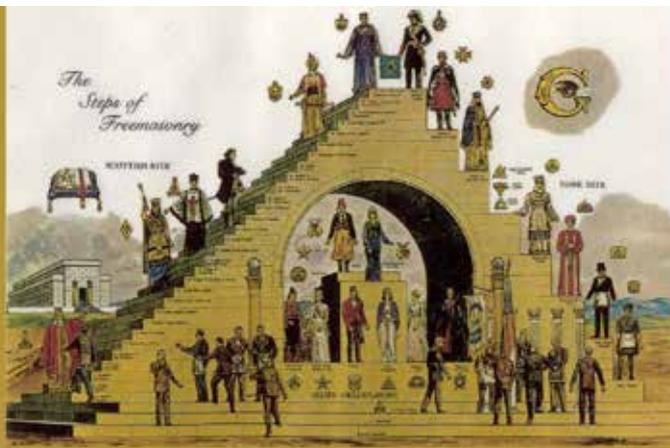

To keep all this simplified, since I am not writing a book on this subject, we can safely say that Rosicrucians, Freemasons of its inner orders and other secret societies, commonly constitute part of the "Illuminati" control Great Britain. Whether or not it is true that the Khazharian Mafia is behind even all of them is still subject to debate, and a lot more proof, I would say is needed, as there is still to my mind not sufficient evidence or clarity.

To find much knowledge and real facts is very difficult to come by in a sufficient quantity where we could for example name every Freemason of its inner core or levels.

It would take considerable and determined investigative research to identify which UK judges and senior policemen, doctors, lawyers and barristers and politicians, journalists, social workers, ministers of religion, and other numerous members of the public and private sectors of the UK belong to these groups. But, added together, these are the true ruling classes, still hidden deep among us. They walk amongst us. Taking oaths and pledges that if carried out to their logical end would eventually eliminate all Christian belief in this Island. Even today certain members of these or-

ganizations unite to persecute many simple Christians (and their children) in British society from whom I have heard many stories. Such stories though have not received much if any media attention, being that much of the media is controlled by them. <https://bit.ly/2CvVpP5>

All this has been happening in Britain at least since the time of Cromwell, and well before if we include Bacon. Perhaps it came

to a fruition in the "Glorious Revolution" that shady deal done in 1688-89 and which historians still can't totally agree about today. Also, we should include in all this the establishment of the Bank of England in 1694, but that is a whole other topic.
